

Welcome to Greenwood Park

Greenwood is Broome County's first and most diverse park. The lake's spring-fed waters provide a refreshing swimming area at the white sand beach, as well as great opportunities for fishing, either from shore or from a rental boat. Relax in the shade, or bask in the sun in the extensive picnic areas, or enjoy the peaceful beauty of the park's nature trails. Approximately 6.5 miles of scenic nature trails loop through the park, providing opportunities for a short stroll or an hours-long hike.

Organized youth groups may request a permit to use the Youth Group Camping Area for rustic camping on the northwest side of the lake. Greenwood Park's family campground offers a quality camping experience with electricity and modern restrooms.

In winter, this year-round park offers ice-fishing and miles of groomed cross-country ski/snowshoe trails. Cross-country ski and snowshoe equipment rentals are available.

Four large picnic shelters may be reserved for group gatherings at the park.

Reservations

To make a reservation for the family campground or for a picnic shelter:
